CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are only conditions under which bids will be received.

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for $1.50 cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer. THOMAS L. ELDER.

THE COIN AND MEDAL COLLECTION OF HERBERT NICKLEWICZ, ESQ.

The special features of this interesting Collection are the Gold, Silver and Copper Coins of Ancient Greece and Rome, Austria, Tyrol, Transylvania, Russia, Poland and Europe in general. The line of Mediaeval and Sixteenth and Seventeenth Century Portrait Coins, is large and important. The American Series, especially the Colonial and Continental, is fairly well represented. The Foreign and American Medal Collection is varied and extensive.

This is my most important offering of Foreign Coins since the Appleton Sale in 1913. The pieces are notable for their fine preservation. Usually they are in the condition which delights the eye and heart of the connoisseur.

The collection shows the remarkable variety and scope of the coin-maker's art, covering every period in the world's history since the year 700 B. C., and has been gathered from every part of the globe.

Mr. Nicklewicz did not tire of his collection in over forty years of numismatic study, nor did he want to dispose of it, chiefly because his interests lay in those classes of coins which have a vital relation to Archaeology, Astrology, History, Religion, Heraldry and Art. He was interested not only in the coins, but in the people who issued them, and in their times. Notwithstanding his Polish ancestry and name, he was born in this country and was in every sense a patriotic American citizen. He was fond of music and possessed some ability as a musician. He had many friends and no enemies, which is saying a good deal. His large Numismatic and Historical Library of Books will be offered by me in a special sale in the near future.

Every piece in this collection will be sold on the two dates set. Absolutely no limit will be placed on any lot, so a full opportunity will be given to collectors to add many choice examples to their cabinets. The attention of bidders is again called to my terms of sale, as stated in the front part of this catalogue, and to the fact that all bids must be made **by the Piece.** Several overlook these requirements at every sale. Send me a generous number of bids, and you undoubtedly will secure lots which will please.

THOMAS L. ELDER,

New York, March 17, 1916.
